Circular No.: Acad 33/2020

The Heads of all Schools Affiliated to CBSE

Subject: Art-Integrated Project for Classes I to X and Reporting of Implementation of Art- Education and Art-Integrated Learning by Schools

Dear Principal,

The Board, vide Circular No. Acad-05/2019 dated 18 January, 2019, mandated Learning Outcome (LO) Based Teaching-Learning process in all its affiliated schools. It was also informed that all schools must adopt and implement LOs prepared by NCERT in their annual pedagogical plans to enable all stakeholders to follow Competency Based Education (CBE). The underlying focus of CBE is attainment of each of the grade and subject appropriate LOs and demonstration and application of learning in real-life situation by the learners. CBE can be implemented only through innovative and joyful experiential pedagogies such as *Art-Integrated* and *Sport-Integrated Learning*, *Storytelling*, etc. which promote reflection, critical thinking, creativity, initiation, self-direction and other 21st Century Skills. All this is done to make students 21st century-ready citizens, by empowering them with the competencies to understand, analyse, evaluate, interpret and innovate various real life situations that they require to face in the world outside the classrooms or an environment beyond their schools and homes.

2. The Draft National Policy of Education 2019 inter-alia states: *Art-Integration is a cross-curricular pedagogical approach that utilizes various aspects and forms of art and culture as the basis for experiencing the learning of concepts across subjects. As a part of the thrust on experiential learning, art-integrated education will be embedded in classroom transactions not only for creating joyful classrooms, but also for imbibing the Indian ethos through integration of Indian art and culture in the teaching and learning process at every level. This art-integrated approach will strengthen the linkages between education and culture.*
3. As a pedagogical initiative, CBSE has introduced Art- Integrated Learning in all its affiliated schools vide Circular No. Acad-12/2019 dated 8th March 2019. The Board has also issued *Guidelines on Art-Integrated Learning* vide Circular No. Acad-22/2019 dated 18.04.2019 with an aim to facilitate teachers and principals for implementing Art Integrated Learning as a pedagogical tool for experiential and joyful learning in classroom situation as well as building a joyful learning environment in the school. The Art-Integration guidelines of the Board enlists various suggestive activities, projects, assignments and lesson plans and are available at –

4. Art-Integrated Project for Classes I to X

In continuation of above efforts, it has been decided to introduce Art-Integrated Project work for classes I to X to promote Art-Integrated Learning in schools to make teaching-learning Competency-Based and joyful. As part of this, at least one Art-Integrated Project in each subject shall be taken up by all students of classes IX and X from the academic session 2020-21, and students of classes I to VIII will also be encouraged to take at least one Art-Integrated Project (trans-disciplinary project) in a given academic year.

Art Integrated Project may be conducted as per the following guidelines:

- 4.1 Classes I–VIII, Art Integrated Project should be of trans-disciplinary nature. The project work can include more than one subject and this can be considered for Internal Assessment in the subjects concerned.
- 4.2 Classes IX and X, the students will take up the *art integrated project work as subject enrichment activity* in *all the subjects* for internal assessment.
- 4.3 One of the objectives of art integrated education is to make the students aware of the vast and diverse cultural heritage of our country. Therefore, **Students will take up integration with any form of Indian Art - visual or performing**, as it will be helpful to students to easily understand the project that is culturally connected to them. Teachers need to facilitate learning of the chosen Indian art form and ensure that the students are able to creatively integrate the art form(s) being used in the project.
- 4.4 In **minimum one project work** of students from classes I –X, it is mandatory to integrate any art form of the paired State/UT, as defined under **Ek Bharat Shrestha Bharat Programme**. For example, Art Integrated Project Work of the students of the schools in the State of Delhi will be based on the art form of Sikkim and so on. The list of the paired States/UTs is available at **Annexure – I**. However, to confirm the latest pairings, please visit <https://ekbharat.gov.in/Pages/AboutImplementationStrategy>.
- 4.5 Subject teachers along with Arts teachers must plan and discuss the projects in advance at the beginning of the academic session so that students can be given proper guidance to undertake various projects.
- 4.6 The focus should be given on research of new topics that are not yet taken up in the classroom. Teachers must facilitate exploration of research on the topics to give students hands-on experience.
- 4.7 The project should be taken up in an eco-friendly manner, using readily available local resources without any financial burden on parents or guardians.

- 4.8 The teachers may follow the following process of embedding arts with other subjects for carrying out the project work:

- 4.9 The Project should be done by students in groups with 4-5 students in each group.
- 4.10 While creating projects, it may also be seen that it should not be too much pro art that it becomes difficult for the subject teacher to take it forward and guide the students. The projects should be simple and doable for the subject teachers and students without the assistance of art teachers/artists or others.
- 4.11 Assessment techniques should be relevant and age appropriate. Criteria along with rubrics for assessment can be devised collectively by teachers and students while planning the projects. Students must be informed about the criteria decided for assessment along with maximum marks before commencement of work on the project.
- 4.12 Schools and teachers may prepare their calendar by assigning dates and months for the execution of project work by the students and the records of assessment of these project works should be maintained at the schools.
- 4.13 The Art integrated project work shall also be an integral part of assessing the student's participation in art related activities and attainment of learning outcomes for the subject/s.
- 4.14 The marks awarded for these projects, as part of subject-enrichment activities of class X, will be collected by the Board at the time of uploading of marks of internal assessment.

5. **Art-Integrated Learning (AIL) as a Pedagogical Tool from classes I to XII**

As stated under *para 3* above, AIL will continue as a pedagogical tool for classes I to XII, in addition to the Art Education under co-scholastic area as provided in the Secondary School Curriculum of the Board.

The objective of AIL is not to promote arts and skills of arts but to use art as a tool to teach other subjects. The focus here should be to accept arts as medium of the learning process. So the subject teachers may make use of simple art forms in the classrooms; and give opportunities to students to enjoy planned art activities and while they are experiencing beauty of arts, they also learn and articulate the core concept of different subjects and apply it in daily life.

Art activities which can be integrated with different subjects to aid learning are given in **Annexure-II**. The activities given in the annexure are only suggestive. Correlation of AIL

activities, is to be seen broadly and should not restrict to one or the other kind of subjects. For example, what helps us in Agriculture as a subject can also connect to Mathematics and Science subjects. Therefore, the teachers and learners should not limit themselves in the rigid boundaries as suggested in the said annexure.

In AIL activities, teachers and students may go for integration of visual and performing arts too. Since skill of making art is not the criteria of evaluation, children can explore and might come out with very creative expressions that enable achievement of the learning outcomes.

6. Reporting of Implementation of Art-Education (AE) and Art-Integrated Learning (AIL)

The Board has prepared the Art Education (AE) and Art Integrated Learning (AIL)- AE & AIL portal for reporting of the implementation of Art-Education (AE) and Art-Integrated Learning (AIL). The schools are required to upload data of the Art-Education and Art-Integrated Learning projects of students in **the AE & AIL portal at the link <http://cbseit.in/cbse/web/ArtEdu/LandingPage.aspx>** for enabling students of class X and XII to appear in Board exam.

Schools may follow the below mentioned steps for uploading the data in the AE & AIL portal:

- 6.1 The required data regarding **(i) implementation of Art- Education up to class X, (ii) Art-Integrated Project up to class X, and (iii) implementation of Art- Integrated Learning up to class XII** are to be uploaded by the school to enable it to download the admit cards for classes X and XII exams of the Board. The Report Format of data submission is available at **Annexure-III**.
- 6.2 The link to upload AE & AIL data will be available at www.cbse.nic.in
- 6.3 The schools may use the same Username and Password that they have used for registration and filling up of LOC of candidates to access AE& AIL portal meant for data submission.
- 6.4 After successful uploading of the AE & AIL data, an 'AE & AIL Confirmation Number' will be generated and the schools will be able to download admit cards after filling the AE &AIL confirmation number at the column specified for it.
- 6.5 The printout of AE & AIL report submitted is not required to be sent to either Regional Office or CBSE Headquarters. The schools may preserve a printout of the same for at least 01-year period for record and reference.
